LICENSED FACILITIES

We are increasing our services to licensed facilities. Violeta Savic, our Support Worker will be connecting with centres to visit. These visits are optional but a great opportunity for our staff to become more familiar with your program, which makes a big difference when we are referring families to your centres. Violeta can also offer support; bring library items, answer questions, bring subsidy papers and much more. We look forward to connecting and supporting each other in the challenging and exciting field of Early Childhood Education.

NEW SUBSIDY APPLICATION FORM

For your information, the CF2900 CCS Application Form has been revised and has been posted to the internet http://www2.gov.bc.ca/gov/content/family-social-supports/caring-for-young-children/child-care/financial-assistance-for-child-care#funding_amount

The following summarizes the changes to the form:

- Type of phone number field added
- SW Referral field added
- 'Spouse living Away' with 'Description' fields added
- Dependent Children section separated from Dependent Adults section. (The questions asked of adult dependents differ from those asked of dependent children and it is more user friendly to keep them separate.) Income earned by dependent adults removed from client's income section to the dependent adult section to be relevant to the appropriate section.

As subsidy forms do change, please print forms from the website instead of copying old forms. Please note that these forms cannot be viewed in Google Chrome, but should work in Internet Explorer.

DON'T FORGET TO UPDATE YOUR SPACES!

Please let us know if you have any changes to your spaces and availability. Referrals will be picking-up this month and we try to give parents accurate information.
